

Standard Troffer Retrofit Kits

Efficiency:
 RA: 86% Specular
 RM: 94% Specualr
 RW: 90% Diffuse White

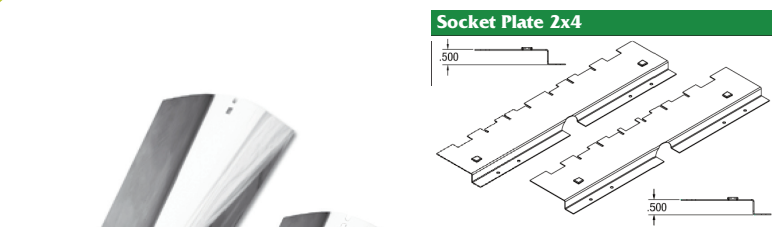

NOTE: STRK kits do not comply to UL guidelines as a suitable wireway cover. For Type II retrofit applications a ballast cover must be used.

Features

Standard Troffer Retrofit Kit is an economical one-piece reflector used to delamp fluorescent ceiling / grid troffers (included) to recenter lamps after delamping. This reduces energy, improves efficiency and keeps light loss to a minimum. The Standard Troffer Retrofit Kit is designed and manufactured in compliance with U.L. Standards for retrofit reflectors.

Description

Description	Model Number
1x4 1 Lamp T8	STRK14-1LT8
1x4 2 Lamp T8	STRK14-2LT8
1x4 1 Lamp T5/T5HO	STRK14-1LT5/T5HO
1x4 2 Lamp T5/T5HO	STRK14-2LT5/T5HO
2x2 2 Lamp T8	STRK22-2LT8
2x2 3 Lamp T8	STRK22-3LT8
2x2 2 Lamp T5/T5HO	STRK22-2LT5/T5HO
2x2 3 Lamp T5/T5HO	STRK22-3LT5/T5HO
2x4 2 Lamp T8	STRK24-2LT8
2x4 3 Lamp T8	STRK24-3LT8
2x4 2 Lamp T5/T5HO	STRK24-2LT5/T5HO
2x4 3 Lamp T5/T5HO	STRK24-2LT5/T5HO

Accessories

Accessories	Model Number
White Reflector	WR
Silver Reflector	SR
Lamps (Specify Color Temperature)	LP
High Power Factor Ballast	HPF
